

# Wood River Trail Users **ALERT**

**Seal coating of the Wood River Trail**  
is scheduled for:  
**Monday, Sept 12 - Friday, Sept 16**

The following section of the Wood River Trail  
will be **CLOSED** during the seal coat process:

**Hulen Meadows to Timber Trestle Bridge, Ketchum**

It is important that trail users stay off the new surface during the application and drying process until the trail is reopened. **Even though the surface may appear to be dry, it is still curing for up to 48 hours.** Wet seal coating material will ruin shoes, clothes, bikes, rollerblades and the trail surface!

**ALTERNATE ROUTES MAY NOT BE SUITABLE FOR ROAD BIKES, ROLLERBLADES, DOGS, BIKE TRAILERS OR NIGHT TIME TRAVEL.**

Thank you for your patience.  
A project of the Blaine County  
Recreation District
