We care deeply about providing healthy active opportunities for our residents and visitors. To that end, for the rest of the Nordic season, as snow levels permit, we are offering Nordic Skiing and Snowshoeing for **FREE** on all BCRD trails. Please visit [Winter Trailink](#) for the latest in grooming information and open trails.

Also, from Bellevue to north of Ketchum, snow has been cleared off the Wood River Trail, which is always **FREE** to our community.

Please check www.bcrd.org for any further updates.
